It's about time... NOT!

...or should I say it's NOT about time. Lap times are not what keeps me coming back for the next event (obviously). Lap times are a measure of how fast I can drive my car on a given day. When the event is over, and I look back on the race weekend, my memories are of the cars, the sounds, the people, and the excitement. Yes, sometimes I get down on myself when I'm having a frustrating day. It's hard to stay gloomy though, when everyone is having so much fun. That's it... our events are about fun! It's the fun that keeps me coming back each month to test my skills and be part of the club. If it wasn't fun, I guess I wouldn't be racing. It's about time I figured that out.

Sofia having fun in her first RSCC autocross event as a driver.

August Autocross

The event was held at Samoa Dragstrip on August 13th and 14th. Vice President and Event Chairman Jesse Linder created a challenging technical course that looked fast but demanded drivers use all their skills. Club Member Sofia Gutierrez competed as a driver in her first autocross event and made great progress throughout the weekend. A big RSCC WELCOME BACK TO RACING goes out to club member Leia Jurak!

It's in the Bag

Inevitably on a race weekend you're going to need to tighten, adjust or repair something. If not you, then maybe the person in the pits next you. If you drive a small two seater, then there isn't much room for the whole tool box along with the chairs, ice chest, 12 volt compressor or whatever else are on your list of weekend essentials. Tool bags are great because they are easy to find a spot when packing a tiny trunk, and portable to carry around the pit area. You just need to add the basics, such as screwdrivers, pliers, adjustable wrenches, wheel lug socket wrench, tire gauge, and maybe a few zip ties and some duct tape in case you need to get creative. These tools may not help you go faster but they could help you get home at the end of the day.

Nuts...

Hey, that's my nut!
